

SHOP the SHARK

- Loan Sharks are unlicensed money lenders
- They may beat-up or harass their clients when they can't pay
- They're likely to charge extortionate rates of interest...
- And, guess what, they might be claiming benefits and paying no income tax on their profits

If you think this is wrong, **SHOP THEM** so we can **STOP THEM**. You may not be involved yourself but know who is lending and shouldn't be.

Do you know a friend who is in trouble?
You can help them, by telling us.
We don't need your name, just the Loan Shark's.

Report them anonymously on **0300 555 2222**
