DEFIBRILLATOR FOR HOLLIES HALL

The **Oliver King Foundation** was set up in memory of 12 year old Liverpool boy Oliver King ,who died from Sudden Arrythmic Death Syndrome or SADS just five years ago. SADS causes the death of 19 young people each week in the UK and can be treated and death prevented.

Crucial in the fight against SADS is the availability and use of a Defibrillator, a truly life saving piece of equipment.

Courtesy of Halewood Junior football League, we already have a defibrillator in the Arncliffe Centre and now the Town Council has bought one for Hollies Hall and so we have a defibrillator in both of our Centres.

Our pictures show Oliver King’s dad Mark King, a truly remarkable and inspirational man, presenting the defibrillator to the Leader of the Town Council, Cllr Allan Harvey, and certificates to some of the staff who have been trained how to use a ‘defib’.

More information about SADS is at www.oliverkingfoundation.co.uk.
