# A Neighbourhood Plan for Halewood . . .

## What is it?

A Neighbourhood Plan is a community-led framework that is used to guide future development and growth. The basic aim is to try to preserve the things we like and influence on future development.

## What to expect at the events...

The events would allow local people and businesses to find out more about neighbourhood plans, the process and what it would mean for our area. This is just the start - no plans have yet been drawn up, or decisions made.

## Why now?

In light of a number of different planning applications, residents asked Halewood Town Council to look into developing a Neighbourhood Plan, which it agreed to do. The public events are the start of the process.

## What will happen next?

The Parish Council will lead on developing the Neighbourhood Plan, working with local people and businesses. Knowsley Council is involved and will make decisions at key stages of the process, such as organising an independent examination of the plan and overseeing a potential local referendum at the end of the process.
